

Swedish Ordnance

Spade Grip for MAG 240 / MAG 58

The spade grip allows for higher precision aiming and easier movability than the traditional buttstock. Handles are located perpendicular to the gun. Consists of only one part and installation takes only seconds. Fits in the buttstock slot and is connected to the trigger through a foldable bar. NATO rail on top for sights and other accessories. The handle can also be fitted with a switch for laser, lamps, etc.

Technical specifications:

Item nr: SG2201

Weight: 1140 gr

Length: 100 mm

Height: 140 mm inc. Rail

Width: 175 mm

Material: Steel - Hard anodized
aluminium - plastic
