Flash Hider FH1401 for Browning M2 HMG

The Swedish Ordnance flash hider for the Browning M2 HMG reduces muzzle flash to near nothing, even when using low-cost surplus ammunition. The Swedish Ordnance flash hider for the Browning M2 HMG main advantages are reliability and simplicity. With only two solid parts it is easily installed and removed within seconds using the unique fixation method. Using the tools that are supplied together with the flash hider, installation and removal are even quicker and simpler. The Flash hider is delivered in a protective tube made from clear plastic. The packing tube can and may be used as a muzzle cover for the M2 with mounted flash hider in conditions like rain, snow, sand, and mud.

Patent:
SE 538 729 C2

NATO nr:
1005-64-000-3331
